### **Auto Replenishment System**

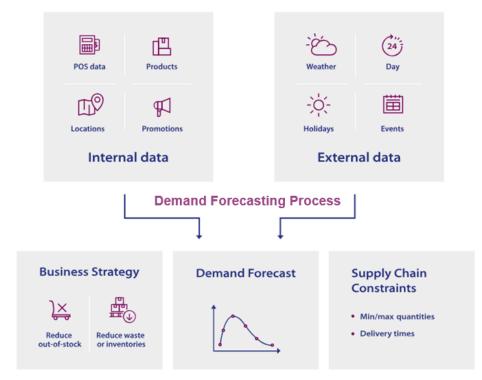

Demand Forecasting With Machine Learning and Artificial Intelligence

#### **Based on**

- Actual inventory levels
- Acceptable safety stock levels
- Replenishment planning for a season
- Sales performance Analytics
- Anticipated Lead Time to receive the stock

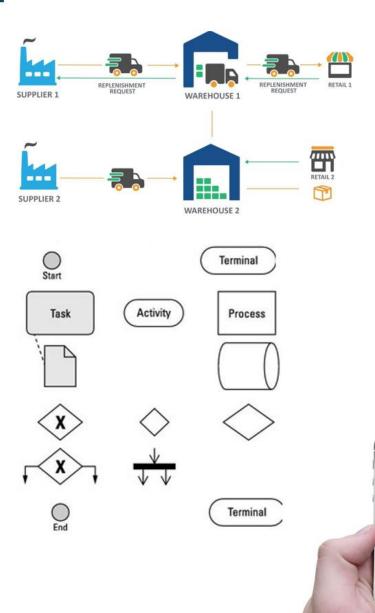

#### How it benefits

- Optimized replenishment decisions
- The avoidance of stockouts
- Knowing how much stock you have
- Redistributing stock effectively

## Sellerware

### **Workflow Management**

#### **Configure Workflow as per Your Process**

Intuitive, Code-Free Workflow Designer

- Allows managers to automate repetitive processes
- 🖌 Automatic alerts on uncompleted tasks in the process
- Overall picture of the workflow along with performance metrics
- SLA Status Indicators
- Role-Based Access Control
- WYSIWYG workflow designer

#### Mobile and Email Alerts

Ease of Use. Use from Anywhere

- Notifications and alerts , both in mobile and email
- Process approvals from Mobile and Web

### What Differentiates Us ..

#### All at One Place. All in Sync

The Retail Industry can either be Online or Offline; deals with Suppliers and Customers; need Warehouses, Logistics and Payment Gateway support; Sellerware covers technology for all possible Omni Channel Retail, all under one roof.

#### Complete SaaS Solution – No huge upfront Investment

Sellerware offers the services as a 'total SaaS solution' or as vanilla products, wherein the Seller can opt for any one or a combination of services. This eco-system provides a huge scope to succeed collectively.

#### Any Scale System to Large Scale Systems

Scalable systems with ensured Performance, Security, Reliability - Built using Microsoft Azure Cloud!

#### Sellerware Customization

The complete solution is developed organically by the Sellerware team in-house with the latest technologies allows on demand Customization – Completely scalable with integrations to third party softwares and devices.

#### Passionate team driven to achieve success

The team comprises of individuals who are motivated by the desire to excel and provide the best possible ecosystem of Technology, Operations and Service; all under one roof.

#### We have ensured that all these are in Sync and available as a Single Solution!

## Thank you
